Limited Assurance: For the part of the Carbon Neutrality Claim 'Blackbox-BCA_ISO14068_25-2 – F" produced by BlackBox Hosting Limited, that is related to all other indirect GHG emissions (scope 3) limited assurance has been conducted.	
Based on the processes and procedures conducted it is concluded that for this part of the Carbon Neutrality Claim, there is no evidence that it:	<ul style="list-style-type: none"> is not materially correct and a fair representation of GHG and carbon neutrality data and information. has not been prepared in accordance with ISO 14068-1 :2023 and it's principles
With the following caveats	Scope 1 emissions associated with usage of company owned vehicle are overestimated as: <ul style="list-style-type: none"> they account for both business and personal use as it was not possible to distinguish between them, they account for a timeframe greater than the reported period (Sep 2024 to Jan 2026).
